Subject: Agenda for Oakland Harbor Turning Basins Widening Study Coordination Meeting

Eric,

Thanks for reaching out to discuss the agenda and for setting up our initial meeting. A few topic you suggested include

Ex. 5 Deliberative Process (DP)

Please note we appreciate this early meeting as it will help us answer some questions as we finalize our formal comments to the Draft EA. After submitting our formal comments we will appreciate another opportunity to meet to discuss our concerns.

Looking forward to coordinating with you. Please let me know if you have any questions.

Thank you!

Andy Zellinger, NEPA reviewer
